Abrasive hose - suction 10 bar MI030210063

Documentation publisher / supplier: DICSA

Manufacturer part number / published order designation: MI030210063

Published model: MI030210063

About this compilation

Prepared by Hydmaster from selected manufacturer documentation. Original technical pages follow without cropped drawings, rewritten data or altered units. This cover and index are Hydmaster editorial material, not a manufacturer-issued exact-execution datasheet.

Coverage: selected pages relevant to the identified size and configuration. Other options or neighbouring models retained on an original page apply only where explicitly identified.

Execution notes and conditions

The excerpt preserves the currently linked technical catalogue edition; differently coded newer product-card variants are not treated as equivalent.

Rows and illustrations for other sizes retained on the same original page are not assigned to this article.

Source-page index

Source page numbers below are physical pages of each complete original PDF. The original printed page labels and technical content remain unchanged. Compiled page numbers count this cover/index.

Source A: DICSA Hydraulic Hoses - Technical Catalogue

Original pages	Compiled pages	Relevant content
143	2	Exact MI030210063 row with the family construction, application, composition, size and stated pressure/temperature/geometry conditions.

Abrasiva 10 bar aspiración

Abrasive hose- suction 10 bar
Tuyau abrasif- aspiration 10 bar

INDUS TrAle®

-40°C → +70°C

3 : 1

DIN 53516 50+/- 5mm3
