Naldoni e Biondi NBTFPLM1615 metric male protective plug

Manufacturer: Naldoni e Biondi

Manufacturer part number / published order designation: NBTFPLM1615

Published model: NBTFPLM1615

About this compilation

Prepared by Hydmaster from selected manufacturer documentation. Original technical pages follow without cropped drawings, rewritten data or altered units. This cover and index are Hydmaster editorial material, not a manufacturer-issued exact-execution datasheet.

Coverage: selected pages relevant to the identified size and configuration. Other options or neighbouring models retained on an original page apply only where explicitly identified.

Execution notes and conditions

The exact article number and metric thread are printed in the original manufacturer table and match the selected supplier MPN. The supplier brand is absent (--); the selected listing is evidence of an offered catalogue designation, not independent authentication of an individual supplied unit.

The original drawing shows a male protective plug. C and D retain their catalogue dimension labels; no overall height is inferred by adding dimensions. Nylon PA 6 is documented, but no pressure-retaining service rating is assigned. The genuine supplier photograph is representative and shared between sizes; differences between photographed and drawn head forms do not prove a specific supplied revision.

Source-page index

Source page numbers below are physical pages of each complete original PDF. The original printed page labels and technical content remain unchanged. Compiled page numbers count this cover/index.

Source A: Exact rows/material and externally threaded plug section drawing, complete original physical page
