

Naldoni e Biondi NBTB006005025 short hydraulic cylinder head

Manufacturer: Naldoni e Biondi
Manufacturer part number / published order designation: NBTB006005025
Published model: NBTB006005025

About this compilation

Prepared by Hydmaster from selected manufacturer documentation. Original technical pages follow without cropped drawings, rewritten data or altered units. This cover and index are Hydmaster editorial material, not a manufacturer-issued exact-execution datasheet.

Coverage: selected pages relevant to the identified size and configuration. Other options or neighbouring models retained on an original page apply only where explicitly identified.

Execution notes and conditions

Exact literal NBTB006005025 row on original physical17/printed16; no ordering-code combination or alias.

Selected GAPI article explicitly names NALDONI and prints the exact Referencia. Availability and price are not imported.

NBTB physical17 supplies exact row, drawing, GG25 material and series pressure heading.

Series pressure heading retained as a textual documentation reference, not an inferred maximum pressure for a completed cylinder. Seal and bushing inclusion, material certification and compatibility are not established.

Original factory family drawing is not a product photograph or a model-specific supplied-assembly illustration.

No minimum-batch marker on this exact selected manufacturer row.

Source-page index

Source page numbers below are physical pages of each complete original PDF. The original printed page labels and technical content remain unchanged. Compiled page numbers count this cover/index.

Source A: Naldoni e Biondi NBTB cylinder heads - exact article reference

Original pages	Compiled pages	Relevant content
17	2	Unchanged exact NBTB article row, dimensional drawing, material and catalogue series pressure reference.

> 200 bar

> **Materiale di produzione:**

Ghisa GG 25

> **Production material :**

Cast iron GG 25
