

Naldoni e Biondi NBTSBT6759 weld-on spherical rod end

Manufacturer: Naldoni e Biondi
Manufacturer part number / published order designation: NBTSBT6759
Published model: NBTSBT6759

About this compilation

Prepared by Hydmaster from selected manufacturer documentation. Original technical pages follow without cropped drawings, rewritten data or altered units. This cover and index are Hydmaster editorial material, not a manufacturer-issued exact-execution datasheet.

Coverage: selected pages relevant to the identified size and configuration. Other options or neighbouring models retained on an original page apply only where explicitly identified.

Execution notes and conditions

Exact literal NBTSBT6759 appears in the original manufacturer table on physical131/printed130. No alias or ordering-code combination.

Original physical131 supplies the complete joint section, production-material reference and steel-on-steel contact; relevant exact model row retained.

Selected SMS-Ural / PromGidroMash visible H1 and top-level Product name identify the exact code and own visible producer NaldonieBiondi. No separate supplier manufacturer-part-number field is present. Generic Russian diameter labels are not copied as piston/cylinder meanings.

Manufacturer C40 production-material designation is retained as a documentary reference, not an independent material certificate.

Clean representative supplier family photograph; exact dimensions, finish and supplied revision are not certified.

Exact row has manufacturer minimum-batch marker; quantity unspecified.

No maximum pressure, assembly load, bearing dynamic-load unit, articulation angle or mating-part compatibility is inferred.

Optional interface columns contain dashes for this exact article. No family thread, zero-valued interface dimension or thread-inclusion claim is assigned.

Source-page index

Source page numbers below are physical pages of each complete original PDF. The original printed page labels and technical content remain unchanged. Compiled page numbers count this cover/index.

Source A: Naldoni e Biondi TS-BT complete spherical joint end - exact article reference

Original pages	Compiled pages	Relevant content
131	2	Unchanged current manufacturer section and exact article row.

> **Materiale di produzione:** Acciaio C40

> **Production material:** Steel C40

> **Accoppiamento:** Acciaio su acciaio

> **Coupling:** Steel on steel
