

Oleodinamica 2MP ES 06-12-38-6 CETOP 3 parallel manifold

Manufacturer: Oleodinamica 2MP
Manufacturer part number / published order designation: ES0612386
Published model: ES0612386

About this compilation

Prepared by Hydmaster from selected manufacturer documentation. Original technical pages follow without cropped drawings, rewritten data or altered units. This cover and index are Hydmaster editorial material, not a manufacturer-issued exact-execution datasheet.

Coverage: selected pages relevant to the identified size and configuration. Other options or neighbouring models retained on an original page apply only where explicitly identified.

Execution notes and conditions

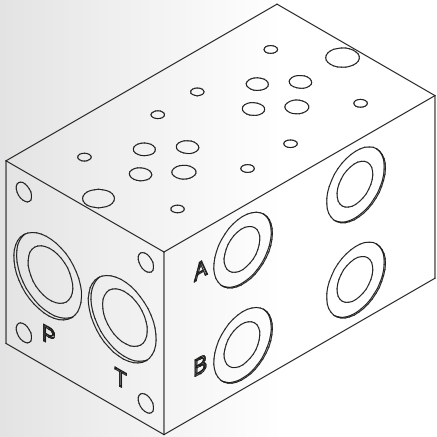

OEM E_[S/A]06-12-38-[mounting positions01-10]; S=steel, supplier actually offers 6 station(s). Supplier field ES0612386 and visible titleES 06-12-38-6 explicitly name this same selected card, not two models. Illustration is representative. No unsupported body pressure/flow/mass/dimensional limit assigned.

Source-page index

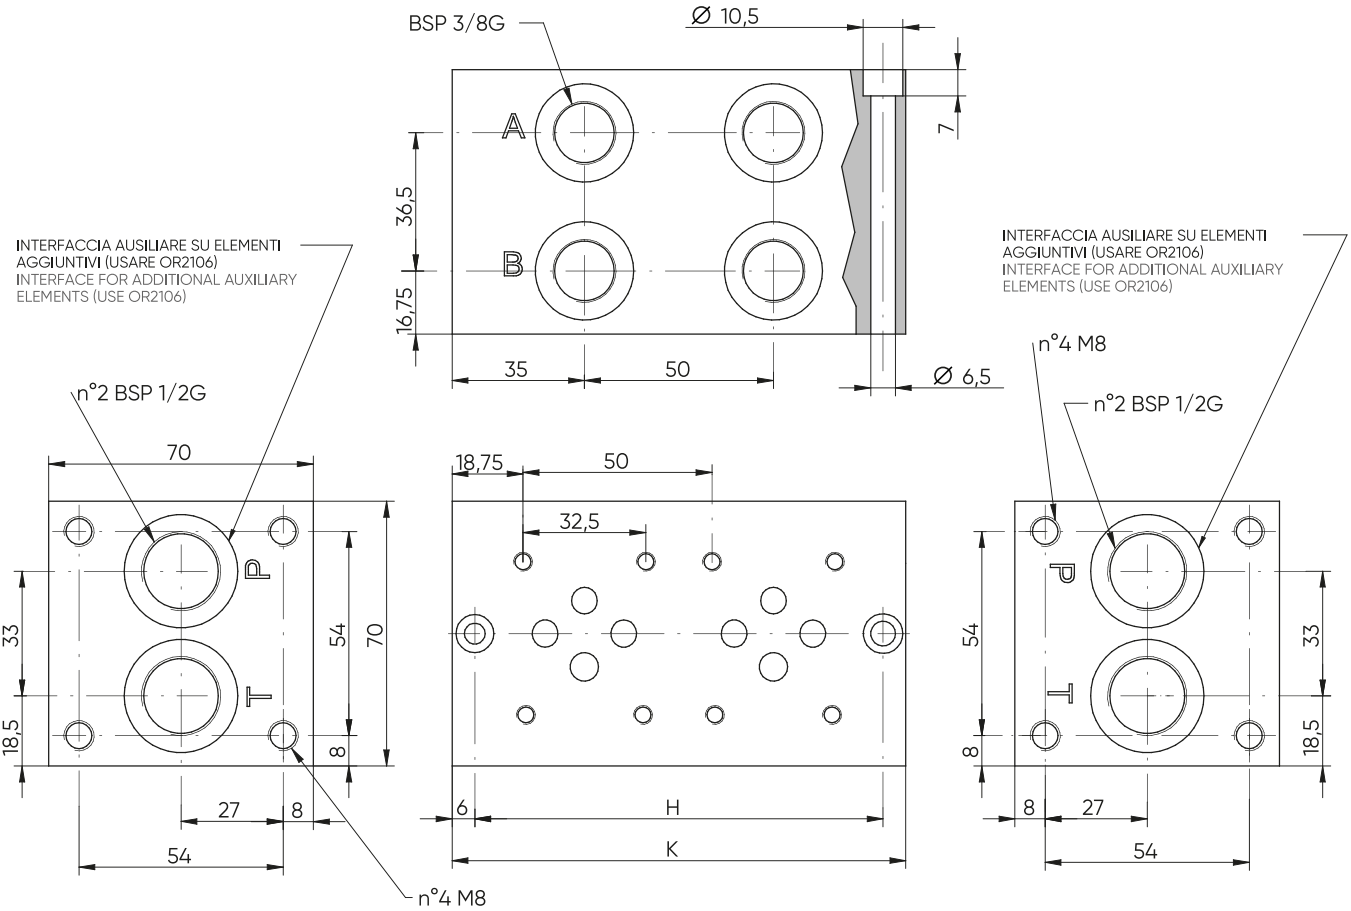

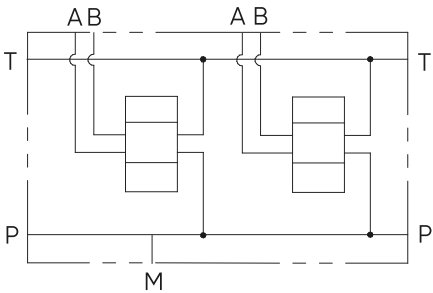

Source page numbers below are physical pages of each complete original PDF. The original printed page labels and technical content remain unchanged. Compiled page numbers count this cover/index.

Source A: Original manufacturer family drawing and execution legend for this observed selected article; use only listed physical page, not99-pagegeneral.

Original pages	Compiled pages	Relevant content
13	2	Original manufacturer family drawing and execution legend for this observed selected article; use only listed physical page, not99-pagegeneral.
